INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Board of Church Extension of Disciples of Christ, Inc.
Indianapolis, Indiana

We have audited the accompanying financial statements of Board of Church Extension of Disciples of Christ, Inc. (DCEF), which comprise the statements of financial position as of December 31, 2015 and 2014, the related statements of activities and cash flows for the years ended December 31, 2015, 2014, and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to DCEF's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DCEF's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Board of Church Extension of Disciples of Christ, Inc. as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years ended December 31, 2015, 2014, and 2013, in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2015 AND 2014, AND FOR THE THREE YEARS ENDED DECEMBER 31, 2015, 2014, AND 2013

1. SIGNIFICANT ACCOUNTING POLICIES

Business—Board of Church Extension of Disciples of Christ, Inc. is a not-for-profit corporation affiliated through its common religious purposes with the Christian Church (Disciples of Christ). Effective January 1, 2012, Board of Church Extension of Disciples of Christ, Inc. changed its “doing business as” name from Church Extension to Disciples Church Extension Fund (DCEF).

In addition, effective January 1, 2012, DCEF began operating under a new organizational structure which included the creation of two new entities: Hope Partnership for Missional Transformation (HPMT) and Church Extension Financial & Missional Resources (CEFMR). Under this structure, DCEF serves as the financial resource to congregations offering loan, investment, and building and capital planning services while HPMT serves as the missional resource to congregations offering ministry planning and leadership development services. CEFMR serves as the umbrella organization providing support resources to DCEF, HPMT and congregations.

DCEF’s primary means of obtaining the funds necessary to conduct its operations is through the receipt of proceeds from the sale of its investment obligations, primarily in the form of term and demand notes. DCEF believes that nearly all funds raised by issuance of its investment obligations are from individuals related to and units of the Christian Church (Disciples of Christ).

Cash Equivalents—DCEF considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Investments—Investments, including permanently restricted investments, are carried at fair value. Investments for which quoted market prices are not available are valued by the investment manager of the fund based on fair value of the underlying assets. Realized and unrealized gains and losses on investments are calculated based on the cost or the amortized cost of the specific investment.

Restricted investments represent a deposit to support certain third-party financing arrangements and are discussed in Note 12.

The Board of Directors is responsible for setting and altering DCEF’s investment policies. The Chief Financial Officer, the Treasurer or Acting Treasurer, and a Vice President of DCEF are responsible for directing the investments in accordance with those policies.

Loans—Interest income on interest-bearing loans is computed daily based upon the principal amount of the loans outstanding prior to payments received. The accrual of interest income for DCEF’s loans is discontinued when there is a clear indication that the borrower’s cash flow may not be sufficient to meet payments as they become due. Such loans are placed on nonaccrual status when the principal or interest is past due 150 days or more, unless the borrower is making at least interest only payments or the loan is fully collateralized and is in the process of collection. When a loan is placed on nonaccrual status, all previously accrued and unpaid interest is charged against interest income and the loan is accounted for on the cost recovery method thereafter, until qualifying for return to accrual status. Generally, a loan is returned to accrual status when all delinquent interest and principal payments become current in accordance with the terms of the loan agreement or when the loan is both well secured and in the process of collection.

DCEF maintains an allowance to absorb probable loan losses inherent in the portfolio. The allowance for loan losses is maintained at a level considered adequate by management to provide for potential losses in the loan portfolio. Management considers numerous factors in estimating loan losses including current economic conditions, prior loan loss and delinquency experience, and the composition of the loan portfolio. Additional amounts are added to the loan loss allowance to maintain an appropriate allowance as a percentage of the outstanding loan balance as deemed necessary.

Loans that exhibit probable or observed credit weaknesses are subject to individual review. A loan is impaired when it is probable DCEF will be unable to collect all amounts due according to the contractual terms of the loan agreement. Impaired loans are measured based on the present value of expected future cash flows discounted at the loan's effective interest rate, the fair value of the underlying collateral, or readily observable secondary market values. DCEF evaluates the collectability of both principal and interest when assessing the need for a loss accrual.

Based on the nature of DCEF's relationship with its borrowers and its desire to work with a borrower to meet its obligation without foreclosure, historical loan losses have been minimal. Any future recoveries are added back to the allowance.

Assets Held for Sale—DCEF obtains properties that are pledged as collateral under a loan by deed in lieu of foreclosure. These properties are classified as held for sale at the lower of the carrying value of the loan, or fair value less cost to sell, which is considered to be a Level 3 input in the fair value hierarchy (see Note 3).

Property and Equipment—Property and equipment are recorded on the basis of cost. Depreciation and amortization are computed by the straight-line method over the respective useful lives ranging from three to ten years.

Gift Income—Gifts qualifying as unconditional promises to give are recognized as assets and gift income when granted. DCEF reports gifts of cash or other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

DCEF has been designated as the beneficiary of certain charitable gift annuities and remainder trusts. At the time the gift is made, DCEF recognizes the net present value of the portion of the gift due to DCEF at the time of the donor's death. Such calculations utilize actuarial assumptions as to the expected life of the donor as well as the current interest rate. The net present value of the gift is included in sundry receivables and other assets in the statements of financial position and as temporarily restricted gift income within the statements of activities when received. Changes in the fair values of the underlying annuity investments are recognized as temporarily restricted gift and investment income within the statements of activities as they occur.

Net Assets—Net assets are allocated to and accounted for in individual categories based upon the purposes for which they are intended. Unrestricted net assets have no donor-imposed restrictions placed upon them. However, DCEF has designated certain unrestricted net assets for specific purposes. Temporarily restricted net assets include net assets whose use by DCEF is limited by donor-imposed stipulations that either expire by passage of time or can be met and removed by actions of DCEF pursuant to those stipulations. Permanently restricted net assets include net assets whose use is limited by donor-imposed restrictions which stipulate that resources be maintained permanently but permits DCEF to expend part or all of the income, or other economic benefits, derived from the donated assets.

Income Taxes—DCEF is exempt from federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code, except for income taxes on unrelated business income. As a religious organization, DCEF is not required to file annual Federal or State information returns. Because of this, all tax years remain open and subject to examination.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

2. INVESTMENTS

The fair value of investments restricted and/or subject to gift agreement/agency transaction terms (included in pooled investment funds) totaled \$239,597 and \$217,579 at December 31, 2015 and 2014, respectively. Liabilities of \$1,306,298 and \$1,321,164 were also recorded related to this gift agreement/agency transaction at December 31, 2015 and 2014, respectively. The remaining assets associated with this gift agreement/agency transaction were \$76,174 and \$63,505 at December 31, 2015 and 2014, respectively, which were included in investments and receivables.

Net gain (loss) on investments for the years ended December 31, 2015, 2014, and 2013, consist of the following:

	2015	2014	2013
Realized gains on investments	\$ 92,560	\$ 257,694	\$ 18,463
Net change in unrealized gains (losses) on investments:

3. FAIR VALUE OF FINANCIAL INSTRUMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC Topic 820") defines fair value, establishes a consistent framework for measuring fair value in U.S. GAAP, and expands disclosures about fair value measurements. ASC Topic 820 requires, among other things, DCEF's valuation techniques used to measure fair value to maximize the use of observable inputs and minimize the use of unobservable inputs.

ASC Topic 820 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect DCEF's market assumptions.

In accordance with ASC Topic 820, these two types of inputs have created the following fair value hierarchy:

Level 1—Quoted prices for identical instruments in active markets.

Level 2—Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.

Level 3—Model-derived valuations in which one or more significant inputs or significant drivers are unobservable. This hierarchy requires the use of observable market data when available.

The hierarchy level for each of DCEF's assets that are measured at fair value on a recurring basis as of December 31, 2015, is as follows:

	Level 1	Level 2	Level 3	Total
Common stocks	\$ 87,646	\$ -	\$ -	\$ 87,646
Fixed income:				
Corporate bonds		3,980,439		3,980,439

Total assets	<u>\$ 87,646</u>	<u>\$ 21,344,248</u>	<u>\$ -</u>	<u>\$ 21,431,894</u>

The hierarchy level for each of DCEF's assets that are measured at fair value on a recurring basis as of December 31, 2014, is as follows:

	Level 1	Level 2	Level 3	Total
Common stocks	\$ 92,963	\$ -	\$ -	\$ 92,963

5. LOANS TO CHURCHES AND RELATED ORGANIZATIONS

Loans receivable at December 31, 2015 and 2014, consist of the following:

	2015	2014
Mortgage loans:		
Interest bearing	\$ 132,249,824	\$ 143,202,234
Noninterest bearing	<u>1,559,484</u>	<u>2,316,016</u>
	133,809,308	145,518,250
Unsecured loans	<u>5,937,889</u>	<u>2,388,031</u>
	139,747,197	147,906,281
Less allowance for loan losses	<u>(2,981,335)</u>	<u>(3,625,273)</u>
	<u>\$ 136,765,862</u>	<u>\$ 144,281,008</u>

A summary of the changes in the allowance for loan losses as of and for the years ended December 31, 2015 and 2014, is as follows:

	2015	2014
Balance—January 1	\$ 3,625,273	\$ 3,101,289
Losses charged off	(366,285)	(108,499)
Provision for loan losses	<u>(277,653)</u>	<u>632,483</u>
Balance—December 31	<u>\$ 2,981,335</u>	<u>\$ 3,625,273</u>

Allowance for Loan Losses—The following table provides a summary of the allowance for loan losses and related loans as of December 31, 2015 and 2014:

	2015	2014
Allowance for loan losses:		
Individually evaluated for impairment	\$ 2,706,090	\$ 3,313,492
Collectively evaluated for impairment	<u>275,245</u>	<u>311,781</u>
Total allowance for loan losses	<u>\$ 2,981,335</u>	<u>\$ 3,625,273</u>
Loans receivable:		
Individually evaluated for impairment	\$ 8,542,549	\$ 11,231,024
Collectively evaluated for impairment	<u>131,204,648</u>	<u>136,675,257</u>
Total loans receivable	<u>\$ 139,747,197</u>	<u>\$ 147,906,281</u>

Credit Risk Profile—DCEF considers repayment performance as the best indicator of credit quality for its loans. This analysis reviews DCEF’s portfolio of loans at the borrower level, rather than the individual loan level. Loans that have principal and interest payments that are past due 150 days or more, are classified as nonperforming unless the borrower is making at least interest only payments or the loan is fully collateralized and is in the process of collection. Loans that have been modified in a troubled debt restructuring are classified as nonperforming unless such loans have a sustained repayment performance of six months or greater and are reasonably assured of repayment in accordance with the restructured terms.

The following table summarizes the credit risk profile of DCEF’s loans as of December 31, 2015 and 2014:

	2015	2014
Performing	\$ 135,751,716	\$ 142,403,467
Nonperforming (nonaccrual)	<u>3,995,481</u>	<u>5,502,814</u>
Total loans	<u>\$ 139,747,197</u>	<u>\$ 147,906,281</u>

Age Analysis of Past Due Loans—The following table summarizes DCEF’s loans by age as of December 31, 2015 and 2014:

	2015		2014	
	Balance	Allowance	Balance	Allowance
Current	\$ 127,545,352	\$ (591,875)	\$ 130,016,915	\$ (262,386)
1–30 days past due	3,418,946	(17,142)	3,859,867	(19,341)
31–60 days past due			2,410,248	(24,197)
61–90 days past due	240,349	(3,633)	388,227	(5,857)
91–120 days past due	105,729		671,270	(442,949)
121–150 days past due	54,031		634,945	(42,775)
151+ past due	<u>8,382,790</u>	<u>(2,368,685)</u>	<u>9,924,809</u>	<u>(2,827,768)</u>
Total loan receivables	<u>\$ 139,747,197</u>	<u>\$ (2,981,335)</u>	<u>\$ 147,906,281</u>	<u>\$ (3,625,273)</u>

Cash basis interest income recognized on impaired loans during each of the years presented was immaterial to the statements of activities.

Loans to churches and related organizations are measured at fair value on a nonrecurring basis, such as when there is an impairment. Loans to churches and related organizations measured at fair value on a nonrecurring basis for the years ended December 31, 2015 and 2014, are as follows:

2015	Level 1	Level 2	Level 3
Loans to churches and related organizations	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,504,430</u>
2014	Level 1	Level 2	Level 3
Loans to churches and related organizations	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,740,265</u>

DCEF records nonrecurring adjustments to certain collateral-dependent loans to churches and related organizations in accordance with ASC Topic 310-10. Such amounts are generally based on the fair value of the underlying collateral supporting the loan. In cases where the carrying value exceeds the fair value of the collateral, an impairment loss is recognized.

Contractual loan maturities as of December 31, 2015, are as follows:

Years Ending December 31	
2016	\$ 6,872,182
2017	4,851,425
2018	5,026,118
2019	12,367,073
2020	4,501,552
Thereafter	<u>106,128,847</u>
	<u>\$ 139,747,197</u>

At December 31, 2015, DCEF had loan and line commitments outstanding of \$18,982,478.

The portfolio of outstanding loans is a variable rate portfolio, and interest rate adjustments for loans are performed every one to three years to reflect the current market interest rate. The carrying value of loans, including the allowance for loan losses, approximate their fair value due to the frequency of the interest rate resets.

6. INVESTMENT NOTES AND OTHER OBLIGATIONS

Investment notes and other obligations as of December 31, 2015 and 2014, consist of the following:

	2015	2014
Demand and term notes (interest at 0.01%–8.0%)	\$ 132,528,715	\$ 125,730,450
Investment notes relating to loans (one to five year maturity, interest at .01%–6.5% and 0.25%–4.5% at 2015 and 2014, respectively)	<u>16,664,913</u>	<u>18,073,327</u>
	<u>\$ 149,193,628</u>	<u>\$ 143,803,777</u>

Maturities of investment notes and other obligations as of December 31, 2015, are as follows:

Years Ending December 31	
2016	\$ 72,993,021
2017	35,424,895
2018	27,513,661
2019	7,848,480
2020	5,332,354
Thereafter	<u>81,217</u>
	<u>\$ 149,193,628</u>

Over the past five years, reinvestment of DCEF's investment notes has averaged 75.42% per year. Of the \$72,993,021 due in 2016, \$44,725,485 are term notes and \$28,267,536 are demand notes.

Interest compounded on investment notes was approximately \$1,874,000, \$2,165,000, and \$2,581,000, during 2015, 2014, and 2013, respectively. DCEF's effective interest rate at December 31 was 1.77%, 1.98%, and 2.33% for 2015, 2014, and 2013, respectively.

Due to the short duration of the investment notes, the fair value of investment notes and other obligations approximates carrying value.

DCEF is dedicated to following guidelines established by the North American Securities Administrators Association (NASAA) in the statement of policy regarding DCEF fund securities related to the general offering of the notes to investors. The statement of policy provides financial guidelines to states related to the selling of these notes. The guidelines suggest the maintaining of a liquidity ratio (cash, cash equivalents, investments, and unused portions of lines of credit to outstanding investment notes) of at least 8% (with lines of credit not exceeding 2%), a capital adequacy ratio (unrestricted net assets to total assets) of at least 5%, and a limit of senior secured debt to a maximum of 10% of total assets. As of December 31, 2015, DCEF believes it is in compliance with these three guidelines.

7. LINE OF CREDIT

DCEF has available an unsecured line of credit with Regions Bank in the amount of \$4,000,000 whereby interest only is paid each month. At December 31, 2014, there were borrowings of \$1,500,000 outstanding on this line of credit. Borrowings bear interest at a floating rate equal to the Monthly London InterBank Offered Rate (LIBOR) plus 250 basis points, which was 2.8305% at December 31,

2015 and 2.661% at December 31, 2014. The line expires on June 30, 2016. As of the date the financial statements were available to be issued, there were no borrowings on the line of credit.

DCEF agreed to a financial covenant to maintain, at all times, unencumbered and unrestricted liquid assets of not less than \$10,000,000, and DCEF believes it was in compliance with this covenant as of December 31, 2015. The line of credit is guaranteed by CEFMR.

8. NET ASSETS

Temporarily restricted net assets as of December 31, 2015 and 2014, are available for the following purposes:

	2015	2014
Annuity/life income trust agreements	<u>\$ 4,678,403</u>	<u>\$ 4,846,047</u>

Permanently restricted net assets as of December 31, 2015 and 2014, are available for the following purposes:

	2015	2014
Annuity/life income trust agreements	<u>\$ 1,107,591</u>	<u>\$ 902,970</u>

9. ENDOWMENT

DCEF's endowment consists of approximately 25 individual funds established for a variety of purposes. DCEF's endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors (Board) to function as endowments. As required by U.S. GAAP, net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board has interpreted the adopted State of Indiana's "Uniform Prudent Management of Institutional Funds Act" (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, DCEF classifies as permanently restricted net assets, (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by DCEF in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Board considers the following factors in making a determination to appropriate or accumulate endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of DCEF and the donor restricted endowment fund
- c. General economic conditions
- d. The possible effect of inflation and deflation
- e. The expected total return from income and appreciation of investments
- f. Other resources of DCEF
- g. The investment policies of DCEF

Where the Board designates unrestricted funds to function as endowments they are classified as unrestricted net assets. Where the Board designates donor restricted non-endowment funds to function as endowments they are classified as temporarily restricted net assets.

Endowment net asset composition by type of fund as of December 31, 2015, is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds	\$ -	\$ 4,211,857	\$ 1,082,249	\$ 5,294,106

Return Objectives and Risk Parameters—DCEF has adopted endowment investment and spending policies that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of endowment assets. Under this policy, unless otherwise instructed by the donor, endowment assets are invested in the Beasley Fund at the Christian Church Foundation, to utilize the Foundation’s expertise in investment management. The Foundation invests in a manner that is intended to yield a long-term rate of return, while assuming a moderate level of investment risk. Actual returns in any given year may vary.

Strategies Employed for Achieving Investment Objectives—To achieve its long-term rate of return objectives, DCEF relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). By investing in the Beasley Fund of the Christian Church Foundation, DCEF is able to take advantage of a diversified asset allocation that places greater emphasis on equity-based investments to achieve its long-term objectives within prudent risk constraints.

Relationship of Spending Policy to Investment Objectives—DCEF’s Investment Committee (“the Committee”) determines the method to be used to appropriate endowment funds for expenditure, unless otherwise instructed by the donor. The appropriation amount is determined as of the end of the year, for the next year’s expenditure and is equal to the percentage established by the Christian Church Foundation for income allocation. For 2015 and 2014, this amount is 4.5% of the fair value, determined on a monthly basis. In establishing this method, the Committee considered the expected long-term rate of return on the investment of the DCEF’s endowment funds. Accordingly, over the long-term, DCEF expects the current spending policy to allow its endowment to grow, consistent with its intention to maintain the purchasing power of the endowment assets as well as to provide additional real growth through new gifts. Depending upon market conditions and the needs and available resources of DCEF, appropriations for expenditure from individual endowments may be temporarily suspended to facilitate preservation of the endowment.

10. RELATED PARTIES

DCEF provides services, makes loans, and sells investment obligations to certain units of the Christian Church (Disciples of Christ) with which its officers and Board of Directors are affiliated. These transactions are in the normal course of business and on the same terms, including interest rates and collateral, as those available to others.

Electronic data processing services for various units of the Christian Church are provided by Discipledata, Inc. (DDI), a non-profit cooperative. An officer of DCEF is currently a member of the Board of Directors of DDI. DCEF purchases data processing services from DDI at rates and terms comparable with those available to other customers of DDI. Data processing expenses were \$325,065 and \$316,230, and \$157,057 for the years ended December 31, 2015, 2014, and 2013, respectively.

As of December 31, 2015 and 2014, DCEF maintained \$23,589,159 and \$18,123,957, respectively, of investment notes held by Christian Church Foundation. As of December 31, 2015 and 2014, DCEF has invested \$7,714,019 and \$8,703,445, respectively, in pooled investment funds of Christian Church Foundation, which have a fair value of \$7,915,914 and \$9,887,421, respectively.

During the years ended December 31, 2015, 2014 and 2013, DCEF provided operating support in the form of a contribution to HPMT of \$542,750, \$904,000, and \$1,130,000, respectively.

During 2014, DCEF obtained a new agreement with Christian Church Services for its primary office space. This agreement began on September 1, 2014 and is for a period of 15 years. Office space occupancy costs were \$159,228, \$102,481, and \$48,934 for the years ended December 31, 2015, 2014, and 2013, respectively. Minimum payments under this agreement as of December 31, 2015, are as follows:

Years Ending December 31

2016	\$ 134,567
2017	134,567
2018	134,567
2019	134,567
2020	134,567
Thereafter	<u>1,238,207</u>
	<u>\$ 1,911,042</u>

11. RETIREMENT BENEFITS

DCEF participates in a noncontributory, trusted retirement plan provided by the Pension Fund of the Christian Church (Disciples of Christ), Inc. which covers substantially all employees of DCEF. Payments to the plan are based upon a fixed percentage of participants' salaries and are actuarially determined to provide adequate funding for benefits defined in the plan. No liability exists under the plan for past service costs. The amounts charged to expense (which were equal to the payments made to the plan) were \$204,761, \$132,435, and \$147,217 for the years ended December 31, 2015, 2014, and 2013, respectively.

DCEF also sponsored a defined-benefit health care plan that provides postretirement medical benefits to certain retirees who, at the time of their retirement, met the then-existing eligibility requirements. No other retirees or current employees are (or will be) eligible for benefits under the plan. The plan limits the amount of annual benefits payable to the eligible retirees.

12. THIRD-PARTY FINANCING ARRANGEMENTS

DCEF has established a financing arrangement with a commercial bank to facilitate the extension of loans which exceed DCEF's policy limits. Under the arrangement, DCEF acts as an agent whereby adjustable rate taxable and tax-exempt securities are issued, the proceeds of which are used to fund loans. As an agent, DCEF has no obligation under the adjustable rate taxable and tax-exempt securities nor does DCEF have any rights under the loans. DCEF also services the loans through the collection of principal and interest which is remitted to the commercial bank.

DCEF has a guarantee outstanding with respect to this agreement in the amount of \$375,000. This guarantee is supported by collateral on deposit with the commercial bank. Such funds are classified as restricted investments on the statements of financial position.

Under a second third-party financing agreement DCEF has a guarantee equal to the outstanding loan balance, which is \$3,624,057 as of December 31, 2015. This guarantee does not require any collateral on deposit with the commercial bank.

In accordance with ASC Topic 460, Guarantees, DCEF records the fair value of its guarantees as a liability. The fair value of this liability is zero at December 31, 2015 and 2014, respectively. In the event a member church defaults on loan repayments, the collateral provided by DCEF is subject to loss.

13. SUBSEQUENT EVENTS

Events occurring subsequent to the date of the statement of financial condition have been evaluated for potential recognition or disclosure in the financial statements through March 15, 2016, the date the financial statements were available to be issued.
