

Capital Fundraising

Disciples Church Extension Fund fundraising services are available to congregations of the Christian Church (Disciples of Christ) for capital improvement, expansion, or debt reduction.

It is recommended that a General Consultation with a Disciples Church Extension Fund Advisor occur at least 4 months before the start of a capital campaign.

Fundraising Services

All of DCEF's capital fundraising services will now be customized campaigns designed to meet the unique needs of each congregation.

How are the resources to be used and the number of visits by an Advisor to be determined?

An initial consultation will help the Advisor understand what resources, from DCEF's vast library of capital fundraising resources, will work best given the congregation's size, the cost of the project, the amount the congregation needs to raise, available leadership, and a number of other factors.

Although we are moving toward more and more use of electronic materials delivery, we still have print resources available if the congregation would be better served by a print campaign.

As a general rule, the Advisor is present onsite for a specified number of visits ranging from one to four visits. Additional visits can be arranged, but will cost an additional fee.

Fees for a capital campaign depend upon the average worship attendance of your congregation and the number of onsite Advisor visits.
